Volume 5 Issue 9

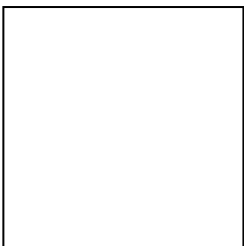

As I write to you this month I am listening to the song "History Makers" by the music group Delirious.

What does it take to be a person who makes history for God? Whether an Australian, a South African, a Brazilian or a Mozambican, surely the answer is: a person who has a passion for God and His word – "Go and make disciples of the nations..", and has the courage to obey- regardless of the circumstances.

I would like to honour those many such people associated with this ministry who have become history makers, and whose record belongs in Hebrews 11 with the other heroes of faith.

Welcome To Mark Hands

Mozambique Outreach welcomes Mark Hands from Gravestain & Associates to the team.

Mark is consulting to Mozambique Outreach to help with some of the new developments and initiatives, helping to achieve our large goals and raise revenue.

WE HAVE MOVED

A special thanks to Nathan & Sue Hays at Network Communications for their great generosity in offering us valuable offices and training rooms as we continue to expand.

A special thanks also to Ps Stewart & Jane Moncrieff and East Coast COC for their generous hospitality for the last 8 months that we have occupied our offices in their complex at Robina.

Construction Team Returns

Despite un-seasonal rain filling up the foundation trenches, a sand delivery knocking over a newly constructed wall, the attempted theft of all the door frames, a theft of a teacher's desk and other assorted setbacks, the boys from Gold Coast have accomplished what they set out to do – to make ready the next 3 classrooms for the MozOutreach primary school.

With a disciple each at their side, praying, eating, working and ministering together, the building took shape over 4 weeks.

In their non working moments, the guys ministered to locals in church services, in small groups and on the compound.

Blake and Michael have returned whilst Macca bussed it to the border to extend his Moz visa in order to finish off the job.

Of the 6 men who were trained, we have employed 4 to continue construction work on further projects.

This is very much what we had prayed for – that we would be able to train others, whilst working side by side, making disciples practically as well as spiritually. These men will now have an income, and we will have trained men to work on our buildings.

A special thanks to the construction team – for putting your hands up and saying “Yes” to the Lord. You have been a huge blessing to us. And your diligent commitment to Jesus, maintaining high integrity and a love for the people, is yet another example of Christianity with its sleeves rolled up.

SEMINAR

We would like to invite you to our next Seminar on Saturday 4 October. (9.00am – 12.30pm). The venue is the Springwood Tower Hotel, 9 Murrarjong St Springwood. Guest speakers will be

Until next month God Bless you

find that the Fire Engine had no fuel and its battery was flat ! In determination he got them to push the vehicle to the scene of the fire. However it then turned out they didn't have enough water to fully extinguish the flames. The part left to smoulder caught light again after they had left. What a shambles !
