## Construction Team A School In Two Weeks?

Well not quite two weeks, but the team from Harvest City Church and Christian Outreach Centre on the Gold Coast, has certainly put a dent in the three classroom block that we are preparing for new children next year.

Pictured here are the team on their day off, on their way to church.

John Spence, (third from right at the back) who is accompanied by his son Michael, is heading up the building side of the project.

A retired physics teacher from Australia, John and his wife Christine have been involved with Mozambique Outreach for nearly 6 years.

The other members of the team have occupations ranging from hairdressing, real estate to car dealing and farrier.

Thanks team, from all of us at MozOutreach, for your commitment and character throughout this project.

If you are interested in serving the Lord as a short term missionary (1-12 months) or are considering a career in missions - visit our website - [www.mozoutreach.org](http://www.mozoutreach.org) and visit "Missions" then follow the prompts.

Transforming a nation,  
one life at a time

**Note from Greg:** The reason for me writing this month's MozPray is only because I forgot to let Cheema know that I needed it earlier than usual. This month is a month of great transition for Mozambique Outreach. Emma is in the process of 'handing over' the current work in Beira to Sandra over the next few weeks

before she officially heads to Maputo to start our Southern base. Jay and I will be flying to Mozambique to visit Maputo, Beira and Lichinga to see the team in each place.

The rural education program is making some big steps forward in terms of material and new workers. The prayer ministry is seeing a response from wonderful men and women of God who are prepared to lay down their lives in prayer to the Lord.

Please be in prayer for the Lord's will to be done in all areas. We can't make a move without Him.

## HAS GOD SPOKEN TO YOU ABOUT MISSIONS?

By Greg Cumming

Dear friend, I am prompted to write this to you - the person, the couple or the family that has felt the impression of the Lord to go to serve Him in Africa.

Perhaps you feel unqualified, maybe a little scared of the unknown, worried about your personal safety or wonder what you would do.

These are very normal responses to such a big call.

I would like to encourage you that there is no better place to be than in the call of God for your life. If He is calling, then He will provide what is needed - provision, protection and guidance.

If you feel the Lord prompting you to such a

call - please talk to your pastor about it. If he or she understands the Great Commission, they will encourage you towards that call. I would also be very happy to talk to you about it.

It is time for action within the body of Christ. Our faith without action remains lifeless - but faith combined with practical action is alive and productive.

At MozOutreach we provide full training for missionary life - in a very practical, hands-on approach.

Call me or write to me at [moz@mozoutreach.org](mailto:moz@mozoutreach.org) if you are the one whom the Lord is prompting.

God bless you, Greg
